## **SeaDragon shareholders get chance to see new Omega-3 refinery ‘first hand’.**

New Zealand’s largest refiner and blender of high-quality fish oils SeaDragon Limited (NZX:SEA) has today released a video giving shareholders an opportunity to see first-hand its new Omega-3 fish oil refinery, which is now ready to enter commercial production.

The video can be seen at the following web address: <https://youtu.be/Y4xYQF7egik>

SeaDragon Chairman Colin Groves said: “The completion of the refinery is the culmination of many years of hard work and a significant achievement for the company. Sustainably-sourced New Zealand Omega-3 fish oils represent a significant opportunity. It is gratifying to be on the threshold of this new phase of development.”

About SeaDragon [www.seadragon.co.nz](http://www.seadragon.co.nz)

SeaDragon (NZX:SEA) is New Zealand’s largest refiner and blender of high-quality, internationally-certified concentrated fish oils and fractions, including Omega-3 oils. Our oils are sourced from fish caught in the clean and pure waters around New Zealand, in the Southern Ocean, and elsewhere. We have more than 20 years’ experience processing fish oils and we are recognised for the quality and purity of our products. We supply health supplement manufacturers around the world to meet the burgeoning demand for pure, high-quality fish oils, which are scientifically proven to deliver significant human health benefits such as lowering the risk of heart disease, improving brain function and joint health. The majority of our supply is exported.
